Testimonial for James Parker 'My Lock Locksmiths', Guildford, Surrey

I would like to take this opportunity to express my sincere thanks to James Parker of 'My Lock Locksmiths' for his excellent locksmith's service.

Recently, an unforeseen event meant that I urgently needed an additional set of keys for my residential property in central Guildford. James was quick to respond and arrange a date and time convenient to me for him call round and solve the problem. With his mobile key cutting service James was able to cut and test the new keys on site, ensuring they worked smoothly from the outset (which is not always the case with keys from high street locksmiths).

Furthermore, for such a bespoke and convenient service I found James's charges to be very reasonable.

I have no hesitation in recommending James Parker to family, friends and business associates as a reliable, trustworthy locksmith who provides an excellent service at a very competitive price.

Yours faithfully,

Martin Darg
