Testimonial for Martin Yeomans of My Lock Locksmiths

I would like to thank Martin Yeomans of My Lock Locksmiths for attending our Wellness Studio in Fleet at short notice to repair and replace a door handle which had been pulled off the door by one of our stronger clients!

At the same time, we asked him to give us advice and sort out a number of other lock type problems at our home which he did.

He gave us excellent advice including saving us some money by not having to replace some locks we thought we might need to.

All in all, I am very happy to recommend Martin and My Lock Locksmiths for their professional and competitively priced expertise to you without any hesitation!

Once again thank you Martin!

Best Wishes,

Stephen Slater
